School for Grade R-12 Boys and Girls

September 2024

Dear Parents/ Guardians,

We would like to inform you that, after careful consideration and a thorough review of our budget, we have found it necessary to adjust our school fees for the upcoming year. **The 2025 school fees will reflect an 8% increase from the previous year.**

Several factors have contributed to this decision, including significant increases in Municipal charges. These additional financial burdens have necessitated this adjustment in our fees to ensure the continued smooth operation of our institution and to maintain the quality of education that we are committed to providing.

As an independent school, we are not eligible for any state subsidy. School fees paid by Parents/Guardians are our only source of income to cover all costs and Capital Expenditure incurred in the running and upkeep of the College.

Please see the schedule below for the fees and applicable discounts for 2025:
